Docket No. 98N-1038
Food and Drug Administration
5630 Fishers Lane, Room 1061
Rockville, MD 20852

Dear Food and Drug Administration,

The following voters are asking for conspicuous and prominent labeling for all irradiated foods, including products made with irradiated ingredients, adequate signs on bins for irradiated bulk produce, and that labeling for irradiated foods should be permanent, just like other type of consumer labeling. We would also like to mention that the Codex labeling requirements require that all irradiated foods be labeled as irradiated, and we wish to have the radura symbol used.

There can not be true choice for consumers unless product information is provided.

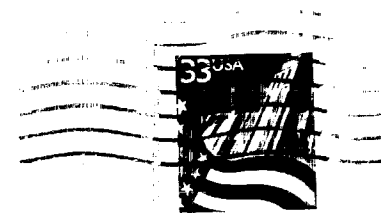

Sincerely,

Brenda A. Fargus
Kathleen Mullins
